

Dear Customer and valued Partner,

We are very pleased to announce that on October 31, 2017 Harkness Industries was purchased by Fimor North America, a wholly owned subsidiary of the Fimor group.

Merging our two companies will bring exciting new alternatives to our customer base. Fimor's excellence in large scale manufacture of cast polyurethane sheets will expand the offerings of the Harkness urethane sheet, rod, tube and bar product lines. Utilizing Fimor's global sales and marketing network will open new distribution channels for Harkness' extensive line of custom polyurethane products, generating new growth and supporting investment in the new company. An overview of FIMOR's polyurethane products can be seen on <http://fimor-industries.com/GB/>

Fimor North America will progressively relocate its Sarasota, FL operations to Harkness' headquarters located in Cheshire, Connecticut and Harkness contacts will remain the same. To ensure a continuous quality of service, both Nancy and Bob Williams will continue as full time employees of Harkness for several years as part of the acquisition deal.

Our combined staff looks forward to serving your current and future needs as a result of the acquisition.

Bob & Nancy Williams

Harkness Industries

Manuel Zuckerman

Fimor

A handwritten signature in blue ink that reads 'Bob Nancy'.
